Workshops: 18 - 20 March 2023
Conference: 21 - 23 March 2023
Post-Conference Tour: 24 March 2023

CAADRIA 2023 will be organized in a hybrid conference format. In order to accommodate all our international participants that cannot travel to India, all paper presentations will be held in person as well as online. All associated other events, such as keynotes, and panel discussions, will be streamed live. Some workshops, industry events, and exhibitions will run as in-person events. Please indicate within your registration if you will attend in person or online.

While the costs for online participation are lower than in-person conferences in previous years, they represent the significant efforts that are required to organize an online conference, which results in the following benefits for participants:

- CAADRIA Membership 2023-2024
- a digital copy of the conference proceedings
- access to all online events including paper presentations, keynote lectures, and roundtable discussions.

Step 2: Click on the 'Register for CAADRIA 2023' tab.

A valid student ID is required to be uploaded during payment for student registration.

- To be eligible for publication, each paper requires one conference registration. Multiple submissions by the same author are subject to multiple registrations.
